

For Immediate Release

2006 CORRECT CRAFT AIR NAUTIQUE 226

ORLANDO, FL (August 22, 2005) —Correct Craft, Inc. announces the 2006 Air Nautique™ 226. With seating for 12 it puts the “big” in “big air.”

Ready to take you to new heights. If you want to go big – in the size of your wake and the number of friends you can invite – step inside the Air Nautique 226. It’s all big, a 100-quart cooler, 65 cubic feet of storage and, best of all, 900 pounds of ballast to create the sickest wake on the water.

Even at full capacity with passengers, gear and ballast, the Air 226 jumps on plane. With the ease of a code, fill up the ballast tanks and start churning up the biggest wakes in wakeboarding. From its comfy bow seating to its walk-thru transom, step-down maintenance free composite boarding platform, and new graphics the Air Nautique 226 is ready to take you to new heights in boating and fun on the water.

Celebrating over 80 years of excellence in the marine industry, Correct Craft is a family owned manufacturer of world-famous wakeboard, waterski, crossover and family recreational boats. Correct Craft, Inc., a Florida-based company, is known for leading the industry in technology and innovative hull designs.
